

# MEAN GREEN CHOPPING MACHINE

The all-new **DiamondX® Chopper** is an all-new metal cutting **chop saw blade**. Designed for use on low-powered metal cutting chop saws, the 14" **DiamondX®** Cutter will chop through steel, stainless steel, rebar, structural steel and bolts with ease. The **14" DiamondX® Chopper** will make more cuts than up to **70 conventional abrasive** wheels\*, greatly increasing the productivity by reducing the downtime associated with changing out worn abrasives.

Like all **DiamondX®** products, the new **14" DiamondX® Chopper** is much **safer** and more **eco-friendly** than abrasives. The tools are made of steel and diamonds, which retain their shape, cut after cut. The steel core is virtually indestructible, providing a much safer working environment when compared to conventional abrasives that can fracture & break. Sparks, odor and debris are all greatly reduced, improving working conditions for the operator.

\*1 14" DiamondX® Chopper will outlast up to 70 14" abrasive discs. Results may vary depending on the application, machine, and operator.
